## 40 GO 03

Standard glass windows/ float

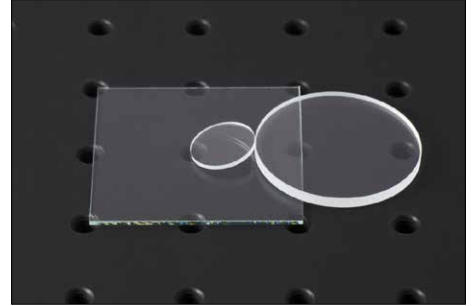

Photo representative of the Standard glass windows/ float range, and may not show the part 40 GO 03.

### 40 GO 03 specification

|                         |                                     |
|-------------------------|-------------------------------------|
| Diameter (mm)           | 40 .                                |
| Diameter tolerance (mm) | +0/-0.2                             |
| Dimensions (mm)         |                                     |
| Dimensional tolerance   |                                     |
| Thickness (mm)          | 3                                   |
| Thickness tolerance     | nominal                             |
| Flatness                | 1-2 lambda over dia. 25mm (typical) |
| Parallelism             |                                     |
| Scratch-dig             |                                     |
| Material                | 'White' float glass (low-iron)      |
| Coated sides            | One side                            |
| Coating type            | MLAR vis.                           |
